What is a fixed annuity?

A fixed annuity (FA) is an insurance product that is designed to help you meet your long-term retirement needs. An FA can help you:

- **Grow savings at a predictable, guaranteed fixed rate.**
- **Benefit from tax-deferred growth**—pay no taxes on any interest earnings until they are withdrawn.
- **Guarantee your principal and any interest**—when you hold your contract for the full guarantee period (and make no withdrawals).
- **Convert your savings into retirement income, including income for life.**

Delaware Life

Annuities are long-term investment vehicles designed for retirement purposes. They are not intended to replace emergency funds, to be used as income for day-to-day expenses, or to fund short-term savings goals. Delaware Life Insurance annuities have limitations, exclusions, charges, termination provisions, and terms for keeping them in force. Please contact your financial professional for complete details.

There is no additional tax benefit to purchasing an annuity within a qualified retirement plan. If you choose to purchase an annuity in a qualified retirement plan, you should do so for reasons other than tax deferral, such as the features and benefits of the annuity.
